Dear Sir,-

I beg to acknowledge receipt of your cheque for Fl.1266.90 in full settlement of account for which please accept my thanks, and for which I beg to enclose bill duly receipted.

I was very sorry that one of the bronze Manilas was broken. I received the broken piece a few days ago, but fortunately that the other pieces were not damaged.

Our Mr. M. Schulman will sail next week for the States and certainly will pay you a visit and will show you some very interesting pieces. He will write you before when he expects to call upon you.

With our kindest regards,

Yours very truly

My dear Mr. Garrett, -

I could lay my hands on the boatshaped coins of Laos and on a few rare French coins you liked to have for your collection. These French coins become more and more rare and it is very difficult to find them. The prices for which I can offer them to you are really very moderate. I got them from a private-collection.

I didn't buy a gold coin of Saint Louis, they were asking me about three hundred guilders for this coin in perfect condition. If you like to spend this price on the agnel of Saint Louis I can try to get it for you, but I liked better to have your opinion first. I do not consider its price too high, because I know it will not be easy to find such a coin at a lower rate.

-Of Pepin le Bref there are now nearly no coins to be found. The one I send you is a very nice specimen and a bargain.

Trusting soon to hear from you,
Yours very truly

Dear Mr. Schulman:-

In regard to the German and other notes mentioned in your letter of January 2nd, I do not want at all to buy a lot of notes but wanted simply one example of each of the depreciated currencies of Europe since the war. I think I can pick them up here without much trouble and practically no expense.

I should like the gold coin of St. Louis mentioned in your letter of the 22nd, although the price is rather high and I hope you may be able to get it somewhat reduced. I should, of course, expect it to be in perfect condition.

I am returning some of the coins of your last two shipments and am enclosing a draft for the cost of those I have kept.

Very truly yours,

Dear Sir, -

I beg to acknowledge receipt of your kind favour of January 29 with draft for Fl.1006.- and of the returned coins for which please accept my thanks.

I will try to obtain the Agnel of Saint Louis for you as cheap as possible.

From the notes on the invoice I see that you were looking for a 40 and 20 fs piece of Charles X, and just having a couple of splendid specimen I beg to send them to you. I join the French Congo pieces you were looking for, also a very rare and interesting coin of Travancore, called Ramatanka and four other coins which I think that may interest you.

My dear Mr. Garrett, -

I beg to acknowledge receipt of your favour of February 5th and I beg to send you by separate registered mail the coins of the West Indies of which I beg to enclose invoice.

I am sorry that not all the coins were still in stock, some were already sold, some ordered by cable.

The prices for these pieces are not so high as they seem to be. They are mostly under the prices they were sold in former days and many of these pieces are very rare and very difficult to obtain.

From your list lot 2, 6, 9, 13, 47, 48, 51, 72, 73, 74, 102, 109 and 117 were sold. Also lot 110 was sold, I have substituted this piece for lot 111 the 1 Escalin, which no doubt will be satisfactory. For lot 6 I have sent you another coin of St. Kitts I just obtained.

If there are any other piece on the list you like to have, please let me know as soon as possible, as I fear before long none will be left.

Trusting all will safely reach you,

Dear Mr. Garrett, -

The sale being over I at once have started to send you the coins we were able to buy for you, and of which I beg to enclose the invoice.

We send you the coins in four registered letters and I enclose consular invoice in case you need it for the custom house.

You obtained a very splendid and interesting lot of coins I only am sorry I couldn't buy everything for you. Only in two cases where we held the same bids, I had to go a trifle over your maximum price, lots 968 and lot 1785. Nearly all the other lots I could buy for you under the prices and no doubt you will be well satisfied.

Dear M^r Garrett.

I beg to acknowledge receipt of
your kind favour of March 22 with draft
for fl 1016.45 in settlement of the
enclosed bills, which I have duly
received and for which I beg to thank
you.

In regard to the medal of Louis IX
I had based the attribution on
Hofmann's book on French coins,
where the medal is attributed to
Louis IX and reproduced on pl. X m,
and also on the study of M. de
Marchéville, *Le denier d'or à l'arobol*
dans la revue numismatique de 1889.

After having received your
letter I went over the *Manuel de*
Numismatique française of 1916
to see what Dieudonné, the *l'acmé*
at Paris tells about the medal and
on page 242 I see that his opinion

is, that not Louis IX but Louis X
was struck the coin. -

"C'est Louis X qui a émis les
les coins au nom de LUD' REX
ancien ne doit être rapporté à
Saint Louis."

We does not say when whose
opinion is based but it shows
that still Hoffmann's and
de Marcheville's attributions, are
not firmly accepted, so that I
also dare not say for sure that
the coin was struck in St Louis,
notwithstanding all the collectors
in France still follow the attribu-
tion in honour of St Louis, as I
noted when being in France.

However as long as it is that
much disputed, perhaps you di-
rectly to return the coin till
this question is definitely settled.

If I ever will succeed to get
you an écu d'or or a réal d'or
of St Louis, I cannot say, as these
coins are extremely rare.

I have not even just to day

The Catalogue of my sale in June.
It contains a lot of interesting
coins, ancient as well as modern ones.
I wish to send to you some
all innumerable and you want
on the coins in which I have
interest. -

I hope the Roman coin of the
Pisani sale arrived in good order.

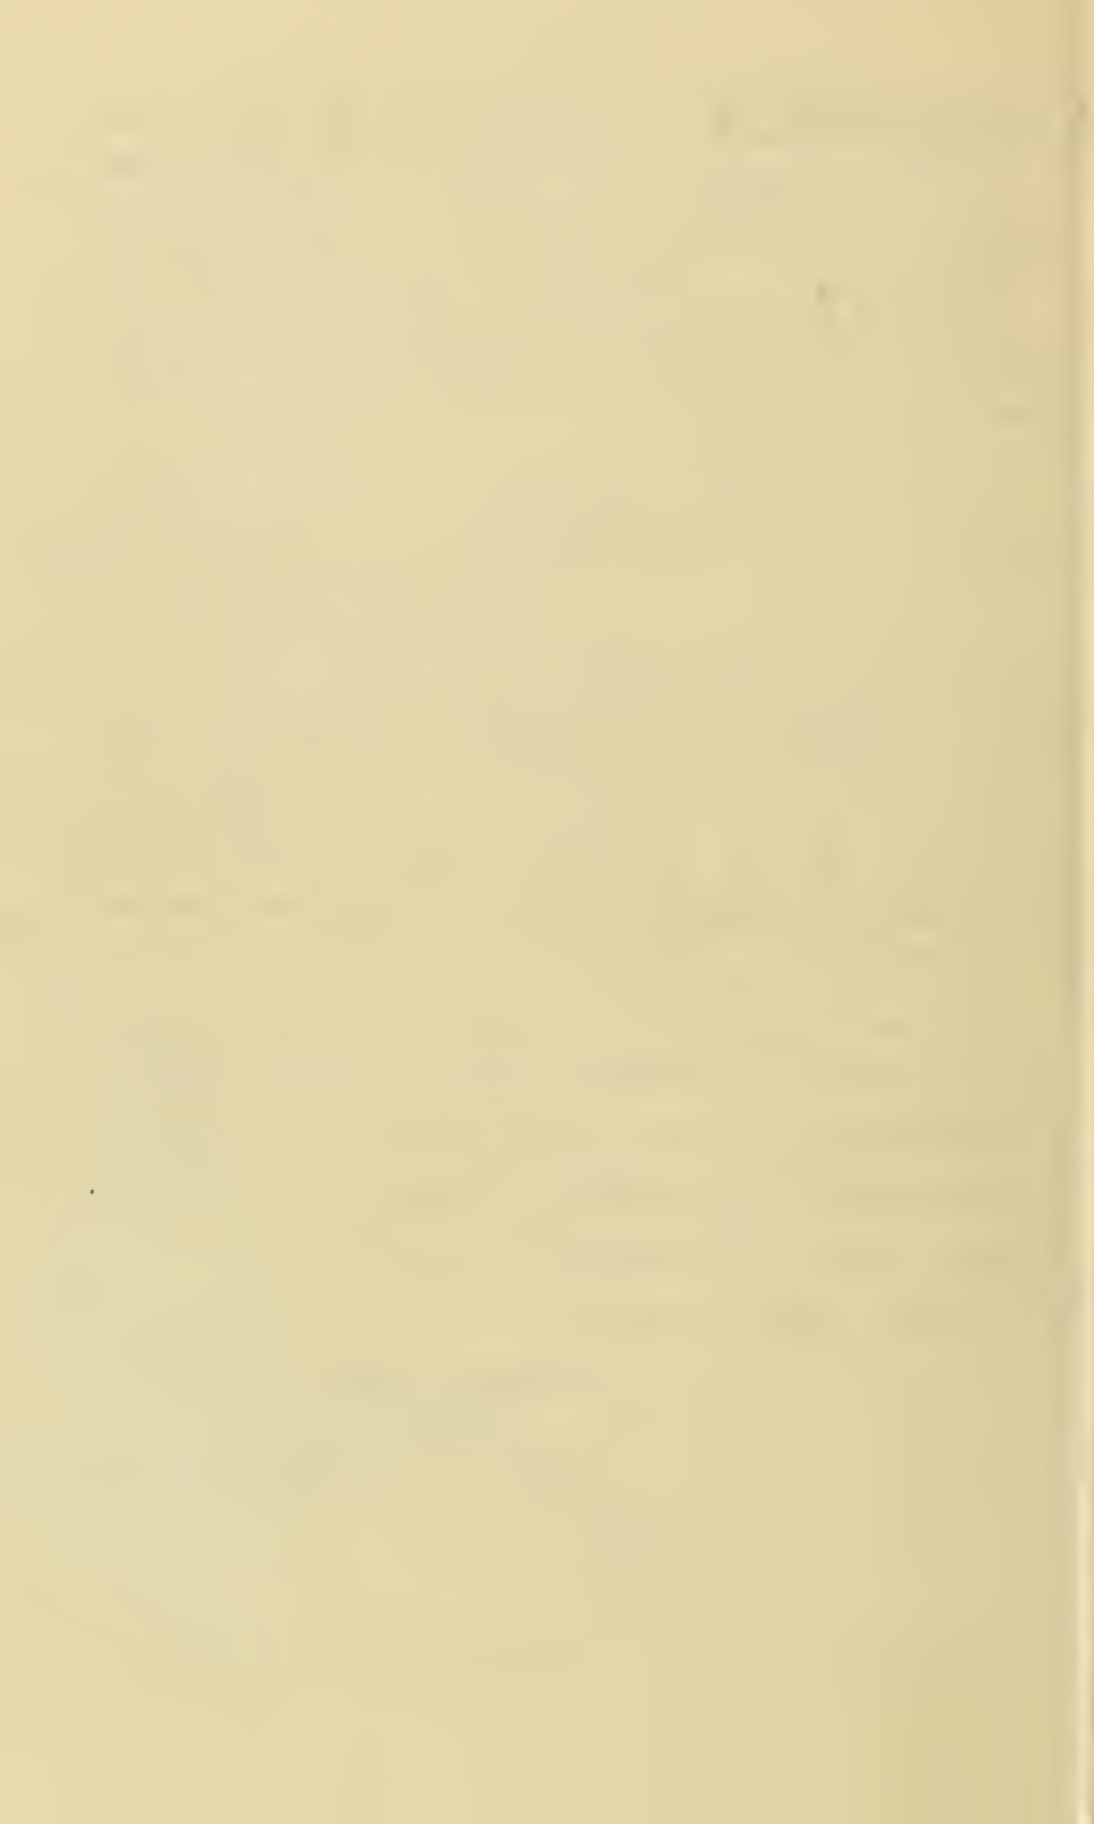

For the moment, I like to send
you by separate registered mail
the Tabern 15 Rupee, I was sent
for when I was in New-York and
a couple of others to interesting
Roman Aurei. -

I have soon to send you some
more interesting coins, but perhaps
you like better to wait till
you have gone over the sale of June
and till you have seen what
you like from it. -

Trust me soon to hear from you

Yours very truly,

J. Schuchman

My dear Mr. Carrett

I beg to inform you that I am back in New York, where I will stay till November 10th when I will sail.

As far as I know now I will be out of town Tuesday and Wednesday ^{next week} when I will be in Philadelphia.

I could not buy any coin of any interest on my trip West, but if I do find still something interesting when being in New York, I will let you know and if you happen to be in New York when I am there, I certainly will be glad to call on you.

I certainly was glad that you kept that unique gold medallion of Constantine Chlorus, it is a wonderful piece.

With my kind regards

Yours very truly

M. Schulman

Mr. J. Schulman,
Keizergracht, 448,
Amsterdam, Holland.

Dear Mr. Schulman:-

I enclose my draft to your order for the specimens bought at the Vierdort sale. I should be very glad if you could give me a statement as from which collections the following pieces were bought by Mr. Vierdort. They are of sufficient rarity, I think, to have a history, and I should be very glad to know it.

No. 654 - Bronze Medallion of Nerva
No. 1419 - " " " Antinous
No. 2588 - " " " Galerius Maximianus
No. 2718 - Gold Medallion of Constance I

I am returning to you the four gold coins which you recently sent me. I have the Tabora and specimens of two of the others in my collection. I am also returning the Agnel of St. Louis about which you wrote me in your letter of April 4th. I have made such heavy purchases of coins recently that I shall not buy many more for the rest of the year, and I should be much obliged, therefore, if you would not send any to me on approval without previous order from me.

Very truly yours,

S.

Dear Mr. Garrett, -

I beg to acknowledge receipt of your favor of April 27th with draft for Fl.15232.- and with many thanks I beg to send you herewith the invoice duly receipted.

No 654 from the Vierordt sale was bought from the Doubles of the Museum at Vienna.

No 2588 from the collection of Professor Friedrich at Vienna.

No 1419 Antinous probably came from the Consul Weber collection at Hamburg, but Vierordt was not very sure about it.

No 2718 the gold medaillon was bought by Mr. Vierordt from a dealer in antiquities in Vienna, it came from a Russian collection, but from which collection was never known by him.

I have noted what you wrote about not sending you any coins on approval without hearing first from you.

As soon as the returned coins will be in my possession I will acknowledge their receipt.

I hope to visit you about October either in Baltimore or in New York when making my annual trip to the States.

With many thanks,

Yours very truly

J. Schulman

Mr. J. Schulman,
Keizergracht, 448,
Amsterdam, Holland.

Dear Mr. Schulman:-

I enclose herewith my draft to your order in payment for the enclosed bills.

In regard to the Louis IX Agnel, which I am keeping temporarily, but for which I am not enclosing a check, I should be very much obliged if you would give me some more information. I cannot find in any of the books that I have consulted that the Agnel was struck by Louis IX, and if there is any question of this I do not want this piece, as I have satisfactory pieces of all the later Louis.

Very truly yours,

JWG/s

Dear Mr. Schulman:-

I am very much pleased with the Roman

Florins 15,232., the amount of your bill.

I have made such heavy purchases recently
that I have decided not to buy any more coins
for a while, and therefore would be much
obliged if you would not send any to me on
approval.

Very truly yours,

Dear Mr. Garrett, -

I had an opportunity to obtain for you the counterstamped Java Ducat and a splendid gold Rupee of the British occupation of Java.

I join three other very interesting coins, a gold Half Joe counterstamped for Grenada and the two extremely rare large copper Bonks of the Dutch in Ceylon.

I feel sure you will be glad to have these coins for your collection.

Dear Mr. Garrett, -

I beg to acknowledge receipt of your kind favour of February 5th with draft for Fl.425.- for which I beg to thank you. The returned coins safely arrived a few days ago.

I noticed that you returned also the Ducat counterstamped "Djawa". Compared with the prices such pieces sold at the Grogan sale the price seems high, but the prices for these coins at the Grogan sale were very low, too low. In fact at that period about ten or twelve of such pieces had been offered for sale, so that collectors thought there were a great many of these counterstamped ducats. But since that time not a single one has come again for sale, so that their prices have gone up a good deal. I had two of these ducats just lately, one I sold already for Fl.150.- and I can advise you to take the one you returned, as I am afraid it may last years and years before you may see another one.

I thank you for your bids for the March sale which will have my full attention.

Yours very truly

The purchaser is advised to forward this draft by registered mail, requesting return receipt, to guard against its falling into wrong hands, as European banks may pay without requiring identification.

Dear Sir:-

I am returning three of the pieces in your invoice of January 10th and a draft for Gulden 425 to pay for the two pieces I am keeping. Nos. 3 and 5 are duplicates of pieces in my collection and I am not keeping the Ducat of 1759 counterstamped "Djawa" because the piece seems to me excessively high in comparison with the prices at which similar pieces sold in the Grogan sale where four pieces averaged Gulden 33 a piece.

There are very few pieces in your sale of March 17th which I should care to bid on, but I enclose a list of a few that I should be glad if you would get for me if they are sold within the prices stated.

Very truly yours,

Dear Mr. Garrett, -

Some weeks ago I heard from Boudeau, Paris that they ~~had~~ never have had any Vandal coins, no doubt your friend must have seen them elsewhere.

I beg to send you by the same mail a registered package, some coins in which you may be interested for your collection. All of these coins are rather uncommon. Nos 5, 6, 7, 8, 9, 10 and 11 are extremely rare.

I hope you will find among them some you like to keep for your collection.

I hope soon to be able to secure for you some of the carolingian and Anglo Saxon coins you like to have.

Dear Mr. Garrett, -

No doubt you have received the coins from the sale and the coins I sent you on approval.

I beg to send you to day by registered mail a few coins in which I believe you are interested.

Just at present nobody seems to have any coins of the Vandals, Suevi etc. but I am doing my utmost to secure some for you.

There are offered to me two silver staters of EMINACUS of the 5th century b.C. Head in his Historia Nummorum gives on page 283 a description EMINAKO kneeling Herakles. Rev. Incuse square. These two coins come from a small hoard made at Olbia about 1860. There is one specimen in the Cabinet de France, one in the Cabinet Kersch and one in the Bompais collection. I beg to send you at the same time the plaster-casts of these two specimens. The one marked on the back 2 its price is Fl.1700.- (seventeen hundred) the one marked 3 its price is Fl.1500.- (fifteen hundred).

There were 17 pieces found. The owner has four poor specimens and this two very fine ones. What became of the other coins since 1860 is unknown. They are extremely rare and of high interest. Some students think that Eminako is the old name for Viminacium. Will I buy one for you? Please let me know by returning mail, as I have only an option for a few weeks.

Trusting soon to hear from you

My dear Mr. Garrett, -

I beg to acknowledge
with thanks receipt of your favour of February 27 with draft for Gulden 1448.40 and also the returned coins all in perfect order.

I am sorry that I made a mistake in quoting Wood 95 instead of Wood 96.

I hope you received my invoices of February 19 and 26 and Schroederbook.

With many thanks

Yours very truly

March 17, 1925.

Mr. J. Schulman,

Dear Mr. Schulman:-

I enclose herewith my check for certain of the coins in your last two invoices which I have kept and I am returning the remainder to you under separate registered package. My check also covers the book on Annan which has not yet arrived but which I suppose will turn up in a day or two.

I am returning also the costs of the two silver Staters of Eiminacus. These are doubtless interesting coins but I do not care to add them to my collection. Unfortunately most of the Ostrogothic coins in your invoice were already in my collection. In fact I have kept only three of them, one of which I already had but in much inferior condition. In regard to the Aureus of Odovacar: certain attribution of this coin is so difficult that I should be very much obliged for any information you may have in regard to the history of this particular piece.

I shall be so occupied until early in May with other matters that I should be much obliged if you would not send me any more coins on approval until

My dear Mr. Garrett, -

I hasten to acknowledge receipt of your favour of March 17th with draft for Fl.1443.50 for which I beg to thank you and which I have placed to the credit of your account.

I also received in good order the coins you did not keep for your collection.

I will try to find out something about the history of the coin of Odovacar, I soon hope to let you know something about it but being just very busy this week with sales I have to look it up after the sale is over.

I will not send you any more coins until May, but I had already sent you a few coins March 19th which no doubt have reached you.

I also sent you the catalogue of my sale of May 19th and I hope you will be able to go through it and to send me your bids in time. There are some very interesting coins in this sale.

With many thanks and kindest regards

Dear Mr. Garrett.

No doubt you received my letter sent to you a few days ago acknowledging receipt of your check and returned coins.

I do not know much of the history of the coin attributed to Octavian. It was formerly in the collection of the late Professor Verworm at Bonn, but I do not know where he obtained it.

The attribution is of course based on Warwick Wroth's description of the coins of the Pandoxi.

I am sorry I cannot give you any more information.

Dear Mr. Schulmann:-

I am enclosing herewith my check for
the coins I bought from you.

I found the Schroeder Book on the coins
of Annam most interesting and I think I should
like to have some of the large rectangular
silver pieces if you come across any of them
of which he gives such excellent illustrations.

There is another coin I was told of the
other day and I wonder if you have ever come
across any of them. They were struck in
the Sula Islands in the Philippines between
1750 and 1850 and are of copper, zinc, or tin
and of small size - about the size of a franc
or smaller. I did not know until recently
that coins had been struck in the Sula Island
and I should like very much to get hold of one
or two of these pieces if you know of them and
can find some.

Dear Mr. Garrett, -

I beg to acknowledge receipt of your kind favour of November 28th with your draft for Fl.35.- for the San Marino gold coins for which I beg to thank you enclosing invoice duly receipted.

No doubt you will have received in the meantime the catalogues of my sales of January & February.

The sale of January 26/27 contains a splendid lot of modern coins of Anhalt, Bade, Bavaria and Bremen, perhaps you like some types for your collection, it is a fine opportunity to obtain some unusual fine specimens.

The sale of February 9th has an extraordinary lot of South and Central American coins among them several which need your attention.

The plates give you the reproductions of the many unusual pieces offered for sale. I call your attention especially to lots 333, 356, 361, 363, 372, 373, 399. Although a lot more of the rare proclamation pieces are of the highest interest.

My dear Mr. Garrett, -

By registered mail in 2 registered letters I beg to send you on approval a few more English necessity coins, an extremely rare Hindu coin of Java and three gold proofs of coins of Queen Wilhelmina for which you asked me when in Baltimore.

The coins I send you to day are all very interesting and I don't think you ever can obtain the coins of the great Rebellion in fine condition.

The Hindu coin of Java is of extreme rarity, it is the second one I ever have met with.

Of the gold proofs of Queen Wilhelmina only two pieces each were struck.

Trusting you will be able to keep some of them for your collection,

Dear Sir,-

I take much pleasure in sending you in two registered letters the Portuguese coins I could obtain for you at the sale of 28th inst which I trust will meet with your entire satisfaction.

I am very glad I could obtain for you all these coins with the exception of n 325 under your limits, notwithstanding there was a big competition for these interesting coins. I had to let out five other numbers which fetched higher prices:

37	Fl.400.-	192	Fl.170.-	211	Fl.150.-
328	3000.-	329	450.-		

Of the Portuguese of D.Joao III, No 37, I received from the same collection a duplicate, a slight variety, as fine as the one figured in the catalogue. It came too late to describe it in the catalogue, I secured this specimen for you. If however you don't care to keep this coin you may of course return it to me, I have two more customers wanting it.

Trusting the covers with the coins will arrive in due course,

I remain, dear Sir,
Yours faithfully

Dear Mr. Schulman:-

I regret very much that there has been so much bother about your last invoice of coins which was received in due order during my absence from Baltimore and put in the vault until my return. The man in charge of the vault failed to tell me about the coins and I did not know they were there until last Tuesday when I came across them in looking up some other matters and I immediately cabled you.

Dear Mr. Schulman:-

I am returning the Greek, Roman and Byzantine coins as requested in your letter of October 25th. The Byzantine coins I have not yet had time to go over and you might return them to me if you do not need them for your trip to Boston. I have gone over the Greek and Roman coins and have kept a few of them of which I will send you a list in a day or two. The ones that I am returning I do not want. I have not yet gone over the Oriental and Modern coins, but I understand that you are in no hurry for them.

John W. Garrett Esq.

BALTIMORE.

Dear Mr. Garrett,-

As I promised you I beg to send you some information about the two gold coins of Philip III and Saint Louis of France.

The Masse d'or of Philip III, the coin you have now, is known also as Denier d'or à la reine. The difference between the coin of Philip III and Philip IV is that:

The Masse d'or of Philip IV is much larger and the king is surrounded by an ornamented border. Why the Masse d'or of Philip III was called Denier d'or à la Reine is unknown.

There is no doubt among the French Numismatists that the coin I sold you as being of Philip III was really struck under the reign of this king.

The Royal d'or Regalis Aureus of Louis IX. As I already told you there are some doubts if this coin really was struck under this king, Blanchet writes:

"Le Royal d'or cité par Hautin et reproduit par une gravure sur bois sous le règne de Henri II a été tenu pour excellent par de bons juges.

Toutefois le caractère inusité de la représentation donne à réfléchir sur la sincérité du dessin du XVIIe siècle.

Pour s'en tenir aux exemplaires que nous possédons (seulement six exemplaires sont connus) le style grossier des lettres et la graphie trop avancée, l'incertitude du dessin, le négligé du grénétis ont inspiré des doutes à la critique sur l'authenticité de cette monnaie."

Although several good numismatists declare this coin as being genuine, others are of the opinion that it was struck in a later period.

It may be alright because if it was a later invention I presume that more than six pieces would exist.

However I leave it entirely to you if you want to keep this coin or not.

I hope your health is improving so that you will be able to make your contemplated trip to Africa.

Wishing you a merry Christmas and a happy new year

Yours very truly

No doubt you will have received the Byzantine coins I sent you from New York.
